LITTLE BANKERS—Members of Campbell Girl Scouts, Wee Han Pa group, under the direction of Doris Tragardh, leader, and sponsors Edythe Erickson, Oline Furchner and Maude Ostermeier bank $49.55 at Campbell Branch of American Trust Company. Money was earned by the local group at a rummage sale as their part in the Camp Fire girls national project for Forest Conservation. In the group shown are: Kathryn Erickson, Marilyn Gilpatrick, Barbara Tragardh, Barbara Salituri, Kaaren Furchner, Bonnie Fournier, Sherianne Barker, Carol Ostermeier, Lane Hecker, Connie Loveday, Christine Prout, Shirley Rice and Judy Peterson.

HISTORY SEMINAR—Old time residents of Union District, left to right Kenneth Jessen, Dr. W. R. Morgan, Union School principal Ken McDonell, R. A. Mirassou, Press Society Editor Mrs. Romain Baker, and Albert C. Hicks pour over old scrapbook containing pictures and stories of old timers in the Union District, as they get together in the library of Union School to swap stories of the history of the district. Tales of early days in Union area were told to newer residents at a recent dinner, sponsored by Union Home and School Club and held at Union Cafetorium. Hicks, Mirassou and Dr. Morgan are present trustees of Union School District. (See story on Page Three).

EARLY DAY pupils of old Union School, located at corner of Union Ave. and Los Gatos Almaden roads were called to classes with the hand bell as shown in picture beside Mrs. Wyland R. Morgan, president of Campbell High School Parent Teachers' Association, to whom the bell was entrusted by Mrs. Flora Riggs, daughter in law of the first permanent white settler in Union District. Large rope pull bell atop the school originally came from one of Southern Pacific Railroad's locomotives. These and other early events of the Union district were related at a recent "Old Timers" dinner at Union School Cafetorium.

FIRSTNIGHTERS—drama group from the San Thomas area, who will present the entertainment for the Community Frontier Party, to be held Friday, June 12, in the San Tomas School Cafetorium. MASTER ZONING ORDINANCE HEARING SCHEDULED FOR TONIGHT AT CUHS LITTLE THEATER STARTING AT 8 P.M.

First public hearing on long-awaited Master Zoning Ordinance for City of Campbell will be heard tonight in the little theater of Campbell Union High School at 8 p. m.

New ordinance will scrap interim zoning ordinance in use since incorporation which required use permits for all buildings other than single family dwellings.

Zoning ordinance will set out districts to be used exclusively for single family and multiple dwellings, neighborhood and general commercial buildings, and for light and heavy industrial districts; it will regulate uses of land, building, heights, yards, and other spaces around buildings, signs to be placed, automobile parking, construction permits and fees required as well as existing uses of land and buildings as well as future planned exptnsion in the city.

Ordinance is the result of a year long study by Planning Consultant Nestor Barrett and 14-member city planning commission.

SAN TOMAS AREA PLANS FRONTIER PARTY CELEBRATION FOR JUNE 12

Moreland District kindergarten registration has reached a total of 99, 63 of which are for Moreland School, and 36 for El Quito Park School. Registration is still open, and anyone who has not done so as yet, may still do so.

Children who are four years and nine months on Sept. first of this year are eligible.

Grammar Trustees Oppose Threats To School Areas

Board of Trustees of the Campbell Union School District at their last regular meeting May 28, unanimously voted to oppose annexation movements that would threaten loss of school facilities. Board action followed recent passage of Assembly Bill One signed by Governor Warren which makes it possible for cities to annex territories without changing current boundaries of school districts.

Text of a resolution passed by Campbell Union Grammar Union School district trustees concurred in by new trustees-elect Mrs. Nancy Gorman and John Dixon follows:

"The Board of Trustees adopted the following Resolution addressed to the public, to the press and to the officials of adjoining cities and political subdivisions In light of the recent passage of A. B. 1 and its signature by Governor Warren of this state, now making it possible for cities to annex territories without changing the current boundaries of school district, the Board of Trustees of the Campbell Union School District wish it known that they will vigorously oppose any annexation by cities or by other political subdivisions that will cause a loss to the Campbell Union School District or threaten a loss to the Campbell Union School District of any of its school facilities, unless uch annexation movement encompasses the people for whom such school facility was intended to serve as without such action it is impossible on the part of the Campbell Union School District or any school district to properly plan and locate its schools for the service of the public. It is also impossible to plan the finances and the financing of school facilities, if hazardous annexation procedures are to take place. That it be made public knowledge that this resolution is hereby endorsed unanimously by all members of the Board of Trustees of the Campbell Union School District present at this meeting."

CUHS GRIDDER WINS ESSAY CONTEST PRIZE

Richard Gleed. brawny Campbell High School senior has proven himself to be brainy as well.

The six foot-two inch 195 pound High School footballer who placed on the first team All-County, All-North Coast, All-SCVAL, and received a third team choice on the All-Northern California polls, besides being voted most outstanding SCVAL player, recently won a $75 cash award and a cruise to Vancouver, B. C., for a prize winning essay in the 1953 National Propeller Club essay contest.

Gleed's essay, written on the subject "What the American Merchant Marine Means to My Community", was picked at the National Maritime Day luncheon held recently at the Commonwealth Club, San Francisco.

Gleed, son of Mr. and Mrs. James Gleed, of 250 Harrison St., Campbell, a senior at Campbell High School is a member of Beta Phi Hi Yi, and CUHS Block "C".

YMCA Camp Sessions Registering Now

Y. M. C. A. summer camp registrations are being received daily at the YMCA, 100 E. Santa Clara street, San Jose, according to Camp Registrar Frank Thome.

Because of last year's record attendance, the YMCA added a fifth period for this year, he said. The first session will open June 20 and will last through June 28.

Over half filled, the first session is expected to close its registrations within the next ten days but other periods have openings, it was announced this week.

The full summer scheduled: June 20-28, June 28-July 7; July 9-18; August 7-14; August 29- Sept. 5.

Any boy living in the Santa Clara Valley is eligible to attend Camp Campbell, during any of the above sessions, officials said.

NEW OFFICERS—of Campbell Lion's Club, elected at a recent meeting include left to right seated Bob James, secretary; Jack Volkers, director, George French, president, Pete Gerevas, treasurer; Doug Beatty, tail twister, Back row left to right standing, Thayer Lyons, director; Verle Grizzle, First Vice-President; Art Jacobsen, Second Vice-President; Reese Parker, Third Vice-President. Not shown in picture it G. L. York, Lion Tamer.

TWO ORDINANCES ADOPTED MONDAY

City council Monday night adopted two new ordinances, one relating to regulating sanitary sewers in the city of Campbell, and one regulating the establishment and development of real estate subdivisions. Council also referred to City attorney Joseph A. Bonacina, and City engineer Mark E. Thomas, for report next Monday a petition signed by 34 residents who requested that Giles Way be called Cherry Lane.

Also to be reported on at next meeting is a request from Russel G. Frey, Campbell jeweler, to erect a clock sign over store.

HAROLD ESTENSEN EXPECTED HOME

Harold Estensen, local Chamber of Commerce president, co-owner of the former Campbell Furniture and Appliance Store, and well known for his active participation in civic affairs in Campbell during his three years here, suffered a mild cerebral attack at his home, 1152 Brace Ave., Willow Glen, on Sunday, according to his doctor, Robert M. Wade.

He was taken to O'Connor hospital for treatment and observation where he has been during the past week. Dr. Wade said Etensen had been under a strain caused by overwork. He is expected to return home tomorrow.

MILK COMPANY STARTED HERE; LAW SUIT ON

Campbell's growing. Most recent indication is Al Vierra's new milk delivery company which started operations Monday of this week, under the name "Campbell Milk Company", distributing Santa Clara Creamery products here.

Vierra is currently negotiating for office space in Campbell. He said he intends to move his residence here and to engage in all local activities. He has a daughter, Darla Dean, employed at the American Trust Co. in San Jose.

Only hurdle Vierra will have to overcome is a $5,000 damages suit filed against him in Superior Court by Mission Creameries, Vierra's former employer. The complaint seeks an injunction against Vierra to soliciting of Mission Creamery customers on the Campbell route.

Vierra said he will continue to do business in Campbell. He said all his customers came to him of their own accord.

Silver Tea Set

Mrs. E. K. Stewart of Floral Art Shop of San Martin will demonstrate the art of making simple corsages and floral arrangements at the Silver Tea given by Home Extension Club June 10 from 2 to 4 p. m. Child care and refreshments will be provided.

Horsemen Praised For Rescue Work

Two members of the Mayfair Riders Club were praised this week by club president, Anthony Turturici, for their splendid work in rescuing three teen agers from an Alum Rock Park cliff last Saturday.

The two riders, Lavern Gagliasso, were returning their horses to pasture following the Mayfair rodeo when they heard screams for help. Investigation showed the three teen agers, Josephine Diatte, 15, of 3966 Pepper Lane; Ronnie Bargas, 17, of 1735 Margaret, San Jose; and Gilbert Medeiros, 18 of Campbell, clinging to the side of the cliff. All three had apparently "frozen" half way up the steep slope, unable to proceed on to the top or return to the bottom.

Tying ropes together, Lucchesi lowered the rope to one youth, giving him instructions to tie it around his waist. After securing the rope around himself, the boy passed out. Lucchesi held on for nearly four hours while his companion, Gagliasso went for help.

Ambulances, fire truck and park attendants responded and worked for some time in getting the three off the cliff.

A second girl, Norma Holes, 16, of San Jose, was able to make her way up the cliff to the top un-assisted. The four said they had climbed the cliff on a dare.

Community Club Donates $100 To Nurse Ass'n.

Recently, the Campbell Community Club presented the Visiting Nurse Association, with a check for $100 to assist that organization in carrying out its program of bedside nursing care. Mrs. Arthur Cowdery, president, Mrs. Robert Swan, project chairman, and Mrs. Philip Luoto made the presentation.

The VNA makes shoulder rests for the chronically ill, pillows, afghans, and bandages which the Visiting Nurses distribute to patients on their rounds.

Brightening the lives of homebound children is another project of Campbell Community Club. Members visit homebound children regularly, stay and play with them to give others a respite from constant care. A wheel chair was purchased by the club and presented to the family of one homebound child. On May Day the members visited each child and presented him with a plant. They remember birthdays of the youngsters homebound with rheumatic fever and other long illnesses.

The club's treasury provided playground equipment for the school for Retarded children near Los Gatos. All of the members got together to give a Valentine Day party for the youngsters.

To raise money for their many projects, the members of the Campbell Community Club cook dinner twice a month for the Campbell Lion's Club. They sponsor fashion shows, booths at school bazaars, and rides on Bill Jones wildcat railroad in Los Gatos.

Membership in the Campbell Community numbers twenty, most of whom have young children of their own, yet the organization finds time to devote to brightening the lives of others through its long list of worthwhile projects.

Stenders Await Kin Arriving From Chicago

The height of anticipation abounds at the home of the Jarvis Stender's of 920 W. San Tomas Road in Campbell, formerly of Chicago, where Mr. Stender retured from the Post Office Department.

The Stenders are awaiting the arrival of their Chicago kinfolk, namely, Mr. and Mrs. Louis M. Cope Jr., (the latter is Mr. Stender's sister) accompanied by their daughter and son-in-law, Mr. and Mrs. Albert C. Henderson and Ronald, their son.

Mr. Cope is a prominent figure in the soap manufacturing industry, and was recently feted by his colleagues after rounding out fifty years of service with Swift and Company, one of America's largest soap manufacturing producers.

Having originally started with the organization in Fort Worth, Texas, where his father was plant superintendent, he was later transferred to Chicago where he was promoted step by step, to a general foremanship, also acting as technical consultant for Swift soap plants at Los Angeles and Toronto, Canada, in which capacity he will continue until October of this year.

During World War II, Mr. Cope contributed largely to the development of a soap for the synthetic rubber industry, which has been used largely since.

It is pleasantly suspected that, like other numerous Chicagoans, the Copes are casting a speculative eye toward eventually migrating to the Santa Clara Valley for a permanent stay.

Union District History Is Epic Of Progress And Growth

95 YEARS OF HISTORICAL EVENTS SURROUNDING UNION DISTRICT ARE RELATED AT OLD TIMERS DINNER

By Maxine Baker

Ninety-five years of historical events surrounding the growth and development of the Union district and its schools were vividly narrated by the descendents of early Union district settlers and many of the former school trustees and teachers at the Old Timers dinner on May 21st. The Union District Elementary school cafetorium, with the school colors of green and white predominating was the setting for this unparalleled event, uniting people who had been separated for forty years.

Justifiably proud of their two new schools well designed and modern, with their airy, well lighted rooms, are the residents of the Union Elementary school district, and the trustees, who have continually struggled with great determination to provide for their children, the best education possible in keeping with the standards of the times. Proof of their "trust" and devotion are these new schools and their modern faculty and educational programs available to the children of this district. A far cry from Mrs. Flora Riggs recollections of the days when the country school was not graded and pupils attended until they knew as much as the teacher. Later taking county examinations at the end of the grammar school period and those having a 75 per-cent average being permitted to teach the primary grades. Attendance, deportment and scholarship comprised the report card grading of those days.

The Union school district dates back to 1858, originating at a meeting held at the home of Major and Mrs. Parker. Mr. Parker, a colorful, influential personality in the new settlement, was with the First Regiment of the State Militia. On seeking a name for their school, Mrs. Parker suggested "Union" as the majority of the people were Union sympathizers.

Tradition has it that the trustees, not being satisfied with the site of the first school, erected on the old McCarthy place, between Blossom Hill road and Los Gatos-Almaden road, east of Union ave., hitched horses to the school and moved it about until an agreeable location was found. This building burned down in 1871 or 1872.

Mr. and Mrs. John Scoffield, owners of a large ranch on the northwest corner of Union ave. and Los Gatos-Almaden road deeded an acre of land on the corner to the school district. Written in the deed were three provisions. The first, that the land be used for school purposes only. The second, and most unique, that a "hog-tight" fence be built around the property. The reason for this specific provision was so no trustee or person in any manner connected with the school could catch any of the well flavored pigs, roaming this district, feeding on the acorns which fell from the large oak trees, growing in abundance in this valley at that time. Scoffield, being a thrifty Scotsman, thought this provision justifiable. The third provision was the digging of a well, "deep enough to supply a sufficient quantity of sweet, cool water."

The forty year old school house was a topic for debates in 1914, and many felt it should be replaced. A bond issue was finally passed and in addition to the new school, an auditorium was built on the upper floor to be used by the community.

When the district out-grew its' school in 1948, after the second World war, a new building, 500 yards west and across the street from the old school was constructed.

Katherine Downing recalls the year of 1940, and the struggle to hold the Union school and prevent consolidation with the other schools which Dr. Britton, the superintendent of the county schools at that time, thought advisable due to the low attendance. Wm. J. Faria, Lester Hoerler, and Arthur Downing Jr., all being graduates of Union and being the trustees, felt deeply the need to keep the school together. A bus was purchased for the purpose of picking up the children in the fringe areas, thus building up the attendance record of Union school. Katherine Downing drove this bus for the following 7 years.

In 1947, Kenneth McDonell was hired after an interview by trustee Jessen. He recalls with a great deal of fervor his early arising to go after the children, ring the bell, and assemble them for their classes. There were two other teachers in the Union school and Mr. McDonell taught three of the grades himself. McDonell was the first to introduce music as a major part of the educational program of Union district and he is credited with starting the Union Drum Corps.

McDonell compares the school staff of 1944, consisting of a janitor and two teachers, with 1953's staff of 18 people working for the school and with a total of 40 teachers. He also recognizes the close-unity between the home and school and is justifiable proud of the school and its achievements.

The site of the new Union Elementary school has indeed a colorful historic background. The "Old Timers" recall the days when Grizzly bear and mt. lions were more numerous than cattle and on the ranch adjoining the school, Jack London, famous novelist, wrote of his exciting adventures. The lumber for the shake roof of this ranch house was taken from the huge redwoods which grew on the property which forms the background of the school.

It was with pieces of the redwood of this house, the first permanent building constructed in Redwood Township, that James E. Addicott, 85 year old pioneer, now living on Greenwood road, introduced the game of "Sawmill" at the recent memorable dinner. With a small stick from one of the original boards used in building the house, each guest used his knife as a frow, an early wedge-like tool, and his hand serves as the maul to split the redwood sticks into thin layers, just as the first settlers had split boards from the logs to build their homes.

They also recall the Old narrow gauge "Camden" railroad, which traveled between Campbell and Almaden. It was this same railroad that carried the sandstone from the Almaden quarry to be used in the building of Stanford University.

Mrs. Wyland Morgan, president of the Campbell High school P. T. A. now has the original school hand-bell, entrusted to her for safe keeping until a suitable place is found at the new school, by Mrs. Flora Riggs, the daughter-in-law of the first permanent white settler in this district, namely, Zadock Riggs. The rope pull bell on the old school originally came from a Southern Pacific locomotive and had been used to call many a class together through the years.

Dr. Wyland Morgan, present trustee, related the various problems encountered since 1944, and of the pupils preference for Almaden and its better school. With their seceding from Union district, began the struggle to keep the Union school in session. His statistics prove the trustees efforts and judgment justified, with an estimated 1000 to 1050 enrolling in 1954 against the 1945 enrollment of 55. The trustees ability to look to the future is noteworthy.

The past trustees from 1886-1943 were Octave Francis, D. S. Shaw, Freman Howes, Annie McCarthy, D. H. Webster, George Heywood, F. O. Mansfield, Robert Bulmore, J. P. Thomas, Ernest Hoerler, A. M. Feathers, Mrs. A. H. Downing, E. H. Todd, Kenneth Nichols, Albert S. Brown, Edgar Ridley, E. W. Cushman, Arthur Downing Jr., Charles C. Fehl, M. A. Canavero, C. C. Johnson, J. McCarthy, Andrew Redmond, Edwin Howes, E. O. LaMontague, A. J. Stairs, P. M. Comer, J. J. Stanfield, Mrs. A. M. Scott, Arthur H. Downing, Will Riggs, Van Suggs, Robert Loosemore, J. H. Johnson, H. L. Lopp, H. J. Mirassou, Ray L. Howes, John Tonkin, Wm. J. Faria, Lester Hoerler, Kenneth Jessen.

The present trustees are Dr. Wyland H. Morgan, Rudolph A. Mirrassou and Albert C. Hicks.

Among the living trustees are Van Suggs, E. H. odd, Kenneth Nichols, H. J. Mirrasou, Ray L. Howes, Arthur Downing Jr., John Fehl, Lester Hoerler, M. A. Canavero, C. C. Johnson, and Kenneth Jessen.

The Old Timers re-union was the idea of the Home and School Club of Union Elementary school. Mrs. Ray Renard, president, and a committee composed of Mesdames Arthur Downing Jr., William Murphy, R. A. Mirassou, Miss Flora Downing, and Mrs. Blanche Howes, are credited with the success of locating the Old Timers, and also the success of the dinner which was enjoyed by 180 guests.

Arthur Downing Jr., whose family settled in the Union district 65 years ago, was the master of ceremonies of the affair, and is credited with blending the memories into a unified picture by his graciousness and informality. Downing called the roll of recorded school trustees, inviting the trustees or their descendants to relate their knowledge of the school and community life of the Union districts past.

Speakers included in the evenings entertainment were Dr. O. S. Hubbard, County Supperintendent of Schools, Mrs. Wyland Morgan, president of the Campbell High School P. T. A., and first woman of the Union district to hold this position, Superintendent Laurance Hill of the Campbell Union High School District, and James E. Addicott, retired educator and pioneer of the Union district who is currently writing a book on the History of Los Gatos and Santa Clara county, which will be released in the fall.

Surprise guests of the evening were Mr. and Mrs. R. R. McDonell of Oakland, parents of Kenneth McDonell, District Superintendent who has played a big part in the success of the new schools.

Piano selections were by Davy Downing and Paulette McDonell.

As the guests departed, after an evening of reminiscing, taking the small pieces of redwood used in the game of "Sawmill", as souvenirs, we wonder what their thoughts were of the rapid growth and progress through the years of their district, and also, their thoughts of the numerous sub-divisions, rapidly springing up replacing the quiet, peaceful orchards. Dr. Morgan's summation was "the first settlers moved over and made room for the second", and this seems to be the feeling of generosity and neighborliness which has prevailed among these Old Timers through the past.

The "We and Our Neighbors Club" at Union and Almaden road has the distinction of being the first woman's club in this area. The purpose of the club at its origination in 1891, was specifically stated "just for sociability" and so it is today.

We are certain the old timers who pioneered the land, and the trustees, who undoubtedly at times have felt unappreciated for their unpaid efforts, are proud to have been a part in the history and building of the Union district.

SHADES OF YESTERYEAR . . . The entire school enrollment of Union School, class of 1896 is shown in this old photograph from the files of Blanch Howes, resident of Union District for the past 65 years. Among those in the picture above, that Mrs. Howes recognizes are: Verna Francis (back row) to right of three unidentified boys and left to right back row, Eugene Comer, Milton Francis, (on middle bicycle), Bert Hand, Tom Haywood, Victor Francis (hat) teacher, Ethel Knowles, Stella Hamilton, (extreme rear) May Coburn, Elsie Stalus Riggs, Lucy Suggs. Front row, left to right George Hand, George Redmond (on bike). Long haired girl next to Redmond unidentified. Mrs. Howe identified next pupil as the Mineo girl and standing in front of her between bikes, the Mineo boy. Boy standing between second and third bicycles is unidentified. Boy standing to right of third bicycle is Joe Wythe. Others in the group are unidentified. Arone Howe, daughter of Milton Francis (middle bicycle in photo above) is present librarian of Union School.

ORDINANCE NO. 36
AN ORDINANCE OF CITY OF CAMPBELL AMENDING SECTIONS 18:05 AND 18:12 OF ORDINANCE NO. 34 OF CITY OF CAMPBELL, BEING AN ORDINANCE REGULATING THE ESTABISHMENT AND DEVELOPMENT OF REAL ESTATE SUBDIVISIONS, REQUIRING THE FILING OF MAPS, THE FORMS THEREOF AND PROCEDURE THEREON AND PROVIDING FOR AGREEMENTS AND BONDS, BEING ARTICLE IX ENTITLED "PLANNING, ZONING AND SUBDIVISIONS REGULATIONS", ALL PART OF THE CAMPBELL MUNICIPAL CODE.

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That Sections 18:05 and 18:12 of Ordinance No. 34 of City of Campbell, being an ordinance regulating the establishment and development of real estate subdivisions, requiring the filing of maps, the forms thereof and procedure thereon and providing for agreements and bonds, being Article IX entitled "Planning, Zoning and Subdivisions Regulations", all part of the Campbell Municipal Code, are amended to read as follows:

Section 18:05 **Easements**

The subdivider shall grant easements not less than ten (10) feet in width for public utility, sanitary sewer, and drainage purposes along the rear lot lines, along side lot lines and in planting strips wherever necessary. Easements of lesser width may be allowed after written ten (10) days notice to the affected utility company or companies, when at the determination of the City Engineer, the purposes of the easement may be accomplished by easements of lesser width, and provided that in such determination, the City Engineer shall prescribe the width of such easement. Upon receipt of notice, the affected utility may present its objections and/or recommendations to the City Engineer whose decision on the matter will be final. Dedication of easements shall be for the purpose of installing utilities, planting strips and for other public purposes as may be ordered or directed by the City Council. Easements for overhead pole lines shall be provided at the rear of all lots, except where alleys are available, or where the requirement is waived by the City Planning Commission.

Section 18:12 **Improvements**

(1) Standards and Approval.

(a) All improvements hereinafter mentioned shall be not less than those set forth in the "Standard Specifications of the City of Campbell", adopted by resolution of City Council, except that prior to the adoption of said resolution, all improvements shall be in accordance with the requirements by the City Engineer.

(b) Improvement work shall not be commenced until plans and profiles for such work have been submitted to and approved by the City Engineer. Such plans are required before approval of the final map.

(c) All required improvements shall be constructed under the inspection of and to the approval of the City Engineer. Cost of checking plans and inspection of work shall be paid by the subdivider.

d) All main line utilities, sanitary sewers and laterals and storm sewers when the same are to lie and be installed in the paved portion of streets, service roads, alleys or highways, shall be constructed prior to the surfacing of public streets, service roads, alleys or highways.

(2) General Requirements.

(a) Streets and Highways. All Streets and Highways shall be graded and surfaced to widths and grades approved by the City Engineer. The subdivider shall improve the extension of all subdivision streets, highways, or public ways to the intercepting paving line of any County road, City street or State highway.

(b) Structures. Structures for drainage, access and/or public safety shall be installed as deemed necessary by the City Engineer. Such structures shall be designed and placed to locations and grades approved by the City Engineer.

(c) Curbs and Gutters. Curbs and gutters shall be installed to locations and grades approved by the City Engineer.

(d) Sidewalks. Sidewalks shall be installed to locations and grades approved by the City Engineer.

(e) Sewers. Sanitary sewer facilities shall be installed to serve each lot. No septic tanks or cess pools will be permitted. Storm sewers shall be installed as required by the City Engineer.

(f) Water and Gas. Water mains and gas mains shall be installed as required by the City Engineer. Fire hydrants shall be installed as required by the Chief of the Fire Department.

(g) Street Lighting. Streetlighting shall be installed by the subdivider and shall be as required by the City Engineer.

(h) Railroad Crossings. Provisions shall be made for any and all railroad crossings necessary to provide access to, or circulation within, the proposed subdivision, includng the preparation of all documents necessary for application to the California State Public Utilities Commission for the establishment and improvement of such crossing. The cost of such crossing improvement shall be born by the subdivider.

(i) Fire Hydrants. Subdivider shall deposit Five (5) years rental for necessary number of fire hydrants as determined by the chief of the Fire Department.

(3) Monuments.

(a) Monuments and monument boxes shall conform to standards of the City of Campbell. Monuments shall be set at such boundary corner of the subdivision and along the exterior boundary lines at intervals of approximately five hundred (500) feet. Monuments and monument boxes shall be set at intersections of all street monument line tangents and at both the beginning of curve and ending of curves of all monument line curves. All monuments that are required to be set, shall be marked to conform with the provisions of Section 8772 of the Business and Proffessions Code of the State of California and subsequent amendments thereof and the provisions of this ordinance.

(b) Accurate bench marks shall be established on the monument or other approved location at each street intersection, and the elevation thereof, referred to City Datum, shall be filed with the City Engineer.

(c) Each lot corner shall be marked by a stake or pipe.

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

As I write this I have just returned from seeing each of you become $5.00 richer at the stroke of a pen. With 35 other congressmen I was invited to the White House to watch President Eisenhower sign the Tideland Oil Bill. This bill releases approximately $55,000,000 of impounded funds to the State of California, or about $5,00 per person. The President used three pens in affixing his signature to the document and presented those pens to the congressmen having most to do with its passage. Thus ended one of the roughest legislative trails ever followed by any bill. Previously vetoed twice by President Truman, it managed to survive a determined filibuster in the Senate in this 83rd Congress and is the end result of thousands of words of printed testimony, hours of committee action and heated debate.

Final passage of a bill is a commonplace event in the newspapers, but to a legislator it represents the culmination of years of work which starts with the simple act of dropping a typewritten proposed bill in the "hopper", a plain mahogany box without a cover and about the size of a shoebox which is fastened to the right of the Clerk's desk. The next day the congressman receives three printed copies of his bill and it is referred to a standing committee by the speaker. There are now 19 standing committees of the House of Representatives, composed of Democrats and Republicans in the same ratio as each party has total membership in the House. The chairman of the committee is always a member of the majority party. Since 25 or 30 measures are usually introduced on the same subject, they are all consolidated into one after hearings, usually under the authorship of the committee chairman. After a bill is "reported out" of committee, it is then placed upon one of the several calendars. More important bills are placed on the "House Calendar" and are debated when the House sits as "Committee of the Whole" which means that the House has different parliamentary rules, e. g., the committee chairman presides instead of the speaker, 100 members constitute a quorum and no recorded votes are taken. While in "Committee of the Whole", the bill is read for amendment and speeches are limited to 5 minutes. Finally, the "Committee of the Whole" reports the bill back to the whole house, the speaker again resumes the chair, the mace is elevated to its normal position, and a vote is taken.

Should a member happen to be in their office, they are summoned to vote by a system of bells. One bell means a Teller vote (yeas and nays march through the center aisle and are counted like sheep); 2 bells call for the yeas and nays and the 54 minute process of calling the roll and recording each member's response. If enough "yeas" are recoded, the House passes the bill and it becomes an "Act" since one house has already passed it. The Senate practically repeats the above procedure, followed by a conference committee meeting between representatives of the two houses to iron out any differences between the two; then follows engrossment and enrollment and an impressive ceremony as the President signs the Act, making it law. The Secretary of State will then assign it a number and it will henceforth be referred to as Public Law ....., 83rd Congress.

Thus you have seen the making of a law—a maddeningly slow, but efficient, process--Imperfect man's closest approach to a perfect government.

Moreland District Trustee Meeting

A special meeting of the School Board will be held June 4, at 8 p. m. in the cafetorium to open bids for construction of 6 new classrooms at El Quito Park Schools and an administration unit. The administration building will include principal's office, supply room, lobby, part of which will be used for a circulating library, quarters for the nurses, and a teachers work room.

The regular meeting of the trustees will be Monday, June 8, at 8 p. m. These meetings are open to the public, as are all trustee meetings.

Quito Hoe-Down

Do-sa-dos, promenades, alamands, and many more intricate patterns were executed with ease and finesse at the hoe-down which was given by John White's senior square dancers at Quito school cafetroium Wednesday night.

The Jokers, as the group is called, invited other square dance clubs from the region to join them, and as an added attraction presented guest callers from other sections of the Bay area. Callers, other than Johnny White were: Ken Clark of Sa nJose; Ken Oburn of Campbell; Ernie Owens of Alameda; and Frank Towne of Santa Cruz.

CALIF. SUPPLY - NAPA ROUGH RIDERS TAKE FIELD SUNDAY NIGHT HERE

California Supply Company's now fast-moving softball team, currently tied with Napa Merchants for first place in the California State Softball League race, will play only one game this week at their home diamond at the Campbell Grammar School diamond. This contest is scheduled for Sunday night at 8:45 P. M. against Napa Rough Riders, one of the classiest AA teams of Northern California.

This is the second game of a home and home series between these two clubs. In the first game at Napa two weeks ago, Cal Supply defeated the Rough Riders, 8 to 3, but the Napa nine came back two days later to nose out La Hacienda of Los Gatos, 1 to 0, as Bobby Dukes hurled a no-hit game for the winners. Dukes may pitch Sunday night's game for the Rough Riders here.

Meanwhile Cal Supply during the past week, placed two league games on the right side of the ledger, both by the shutout route. Big Pete Sanders set up what is thought to be a league record at Richmond last Wednesday night, when he struck out 17 Rouse & Boivie batters, including the first seven men to face him. He retired the first 19 men in order, as he held the home team to one hit, with Cal Supply taking a 7 to0 decision.

Cal Supply traveled to Stockton Friday night, and dropped an 8 to 2 decision to Jester's Club of that city, as Bud Bosque and his mates ran into a murderous first inning in which the home towners scored seven runs.

But they came back to Campbell Saturday night, to whitewash their San Jose rivals, Willi Oilers, 5 to 0, behind the four hit pitching of San-ders who struck out 12 batters. This makes Cal Supply's record for the entire season 16 wins and 7 losses.

Sensational young right fielder Don Ouelette is leading the team in batting with .358, with 7 hits in 13 at bats. First baseman Bill Benevich is batting .368 in league play with hits in 19 at bats, with center fielder Buster Fontaine third with .333 (7 for 21) and shortstop Gene Menges fourth with .313, (5 for 16).

Meanwhile Pete Sanders has won two league games without defeat, in which he has pitched 20 innings, permitting opponents only nine hits and two earned runs. He has struck out 37 batters and walked six.

Bud Bosque has a 2-2 record for league play, in which he has pitched 19 innings, and given up 20 hits and 8 earned runs. Bud has struck out 31 batters and walked 11.

Letter to the Editor

(Ed Note) The following letter from G. A. Lathrop, was received yesterday protesting dismissal of a speeding charge by City Court Justice Paul W. Crawford against a Los Gatos Attorney. The attorney, J. Rainey Hancock was cited by Campbell senior officer Robert J. Locke last week for allegedly doing 40 miles an hour on "Winchester Road between Campbell and Hamilton Aves. Hancock contended that the frequency of buildings along the area does not warrant a 25 mile zone, the sign for which was erected before Campbell was incorporated.

Lathrop's letter follows:

Dear Justice Crawford:

I note by a San Jose newspaper that you dismissed speeding charges against an attorney of Los Gatos for doing 40 miles an hour in the 25 mile zone set up between Hamilton and Campbell Avenues some months ago: that owing to the frequency of buildings along the area, you question the validity of these 25 mile per hour signs.

Having lived on the minature Indianapolis Speedway known as "Winchester Road" between Hamilton and Campbell avenues during the past eleven years, I think your decision was ill advised in this case.

I speak for all those residents who live within the boundaries of these two avenues; who watched trucks and automobiles rocket past their homes at speeds ranging from a slow forty five miles per hour to better than one hundred, and prayed that eventually some police protection would come about to protect the dozens of children who walk to school each week day along this stretch.

We residents saw speeding autos smash into orchards on either side before homes were built there. We have had great trees smashed by reckless drivers; have seen our children forced to flee for their lives from some out-of-control car and could do very little about it until the controversial speed limits were set up and Senior Officer Robert J. Locke and his force began slowing down this insane running past out doors.

Officer Robert J. Locke and his men have been doing a wonderful job along Winchester Road, between Hamilton and Campbell Avenues. They have slowed traffic down so one may venture to drive out of his driveway with a fair degree of safety. Our children walking to school, are not in danger of being crushed beneath the wheels of a speeding, out-of-control car these days.

Now you, by an ill timed decision, bid fair to wipe out all the safety we residents along this controversial stretch of highway have enjoyed since Officer Locke and his men began giving tickets to speeders.

We therefore ask you to reconsider your decision even though it might mean going against one of your brother attorneys. After all, does the title "Attorney" give an individual the right to jeopordize the lives and safety of several hundred children and adults who happen to reside within the limits of a territory you consider too sparcely inhabited to justify a speed limit?

The east side of Winchester Road, between Hamilton and Campbell Avenues is built up practically solid with homes and apartment houses. The west side, of course is partially orchard. Perhaps were all of us to add a second story to our homes, or apartments, we might thereby "legalize" these controversial speed limit signs.

Sincerely,
G. A. Lathrop

Speaking for the residents living within the boundaries of Hamilton and Campbell Avenues.

SERVICE NOTES

Among the members of Patrol Squadron two, who recently returned to the U. S. Naval Air Station here (Whidbey Island, Wash.) after a tour of duty in Alaska is Navy Lt. (jg) Roy D. Meyers, son of Fred C. Meyers of 831 San Tomas Rd., Campbell.

The squadron, flying the Navy's long range patrol bomber, the P2V "Neptune", flew patrols in the Alaskan Aluetian area during their two month deployment.

The squadron was based at Kodiak, Alaska. Their primary duty was to fly patrols and training missions around the coast line and over the sea lanes.

FUND DRIVE ON FOR RETARDED COUNTY CHILDREN

The membership and Fund raising Drive for Hope For Retarded Children, Inc. will go into full swing the week of June 1 through June 8, with the distribution of the "Light A Life" Special Edition of the San Jose News. This will be a four page edition, dealing with the problems of the mentally handicapped children of Santa Clara County, and the hopes and plans of answering their needs.

"Light A Life" special edition will be sold on the streets of all the communities of Santa Clara County throughout the week, the "newsboys" being members of the loca Social, Civic, Fraternal and Service organizations. The price—what your heart desires! This will not be delivered to regular subscribers, and may be obtained only from these special "newsboys". Chairman of this phase of the "Light A Life" Drive is Mrs. W. T. Buckaloo, of Los Gatos.

The Campbell Lions Club members will sell the paper all through the week in their places of business, and Delos Bagby, Principal of Cambrian School has announced that the Cambrian school children will sell it through the residential districts on Thursday, June 4th.

On Wednesday, June 3rd, the Billy Jones Train in Los Gatos will run from 2 P. M. to 5 P. M. turning over all proceeds to Hope For Retarded Children. This is a miniature train, running through 5 acres of orchard.

NEWCOMERS

Tiny newcomer (four pounds, nine ounces) Kim Celeste, was delivered at O'Connor's Hospital May 30. She will shortly join her brother, Bruce, 19 months old, and her sister Valerie, 4, at the home of her parents, Mr. and Mrs. R. M. Bebeau, at 801 W. San Tomas.

Recent stork additions to Campbell area families by way of local hospitals include three girls born this month. Mr. and Mrs. Henry Irving Jewell, of 541 Cambrian Drive, named their new baby Romona May. Mr. and Mrs. Richard O. Moreno, of 770 Salerno Drive, named their new addition, Juanita, and Linda Darnell was the name given to the latest for Mr. and Mrs. Homer Neal Webb, of 60 Casey Road.

It shall be unlawful for any person, firm or corporation, other than duly authorized employees of City of Campbell, to make, or cause to be made, any excavation in, on, or under the surface of any public street, lane, alley, sidewalk or other public place for any purpose without first obtaining a written permit therefor from City of Campbell.

(a) Utility pole and anchor holes are specifically exempted from the foregoing provision.

Section 14:04 **Permit Procedure.**

No permit shall be issued except upon compliance with the following provisions:

(1) Written application in duplicate shall be filed with the City Clerk, or with such other person as may be hereafter designated by the City Council. The said application must contain and be accompanied by:

(a) The name and residence or business address of the applicant.

(b) A statement of the location of, and the nature of the work to be done.

(c) A plat or diagram in duplicate, showing the location of the proposed excavation; the dimensions thereof; the position of, and the relation of the proposed work to existing underground structures or facilities; a detailed statement of methods to safeguard existing structures or facilities.

(d) When incurred by the City Engineer, actual costs of inspector's services shall be paid to City by the applicant. The City Engineer may estimate this charge, and require it to be paid in advance of issuance of permit at his discretion.

(e) An agreement holding City of Campbell, its officers, agents and employees free, safe and harmless from any claim or demand for damages to third persons proximately resulting from the work proposal in the application.

(2) The Applicant shall deposit with the City Clerk, such sum of money or a corporate surety bond in an amount as the City Engineer may in his discretion deem to be adequate to indemnify City of Campbell for the failure of the applicant to restore public streets, lanes, alleys, ways and public places to their original condition, the said amount in no case to exceed the sum of One Thousand Dollars ($1,000.00).

(a) It is provided that all public utilities including sewer and water districts, which, from time to time require the doing of work in the public streets, lanes, alleys, ways and other public places in City of Campbell, which do not have on file with said City a bond or cash for the purpose set forth in the preceding paragraph, shall, upon the filling of its first application after the effective date of this ordinance for the doing of any such work, deposit the sum of One Thousand Dollars ($1,000.00) with the City Clerk, or in lieu thereof, a corporate surety bond in said amount. No other or further bond shall be required of said utilities in connection with any subsequent application by them so long as they are not in default of any of the provisions of this ordinance in restoring any street, way, lane, alley sidewalk or public place to its original condition and in the manner hereafter provided. The said bond shall be kept in full force and effect at all times, and the City Clerk shall annually be advised of its renewal. Provided, however, that whenever such person, firm, or corporation shall already have on file an adequate bond in a sum in excess of $500.00 in favor of the City, furnished as a guarantee to performance of a franchise right covering the excavation work in question, such bond shall be accepted in lieu of the bond or deposit herein required.

(b) The bonds or cash deposits herein provided shall be declared forfeited if the City Council after a proper and reasonable investigation finds that the work of restoration as herein provided is not properly done, or if, within six (6) months of the completion of the work, damage to the public streets, lanes, alleys, ways, sidewalks and public places occurs as the direct result of failure to restore the same to their original condition. Upon a declaration of forfeiture, the proceeds of such cash deposits or bonds shall be first applied to the cost of repairs of said places, and the balance thereof, if any, shall be deposited in the general fund of the City.

(3) Issuance of Permit. All applications are subject to review by the City Engineer, who shall have discretion to require such engineering changes in the plans as indicated in the application as he deems reasonably necessary to protect the City's interest. No application shall be granted or permit issued without approval of the City Engineer. Upon approval by the City Engineer, the permit shall be issued by the City Clerk or such other person who may be hereafter designated by the City Council to issue the same. Such permit shall not be transferable.

(4) In the event an application is not approved by the City Engineer, the applicant may petition the City Council in writing for a hearing thereon, and the City Council shall have the authority to grant or deny the permit.

PASSED AND ADOPTED this 1st day of June, 1953, by the following vote:

AYES: Councilmen, Arends, Dahl, Gomes, Jensen, Morton.
NOES: Councilmen: None.

Glaziers	2.70
Painters (7 hours)	2.60

all in accordance with the rates fixed by schedule adopted by the Board of Supervisors of the County of Santa Clara, to which reference is hereby made for rate of payment not herein specified.

The prevailing wage scale heretobefore adopted by the Board of Supervisors of the County of Santa Clara on October 27, 1952, as amended is hereby adopted as the general prevailing rate of per diem wages in the locality in which said public work is to be performed for each type of craft of workmen needed to execute the contract, and said schedule of wages is hereby especially referred to and incorporated herein and made a part hereof as though the same were herein set out in full, including the specifications therein of per diem wages for legal holidays and overtime work in said locality; and the Contractor to whom the contract is awarded, and any subcontractor under him shall pay not less than the specified prevailing rate of wages as therein specified to all workmen employed in the execution of said contract.

Said schedule of per diem wages is based on a working day of eight hours unless otherwise provided therein, and the wage prescribed therein is the per diem rate divided by the number of hours constituting the working day.

All skilled and other labor not listed above that may be employed is to be paid not less than the union scale for such labor.

Contractors who propose to have sub-contractors perform work or labor or render service to them in or about the work should designate in their bid the names and location of the places of business of each sub-contractor who will perform such work, labor, or render service in an amount in excess of one-half of one percent of the contractor's bid.

All bidders shall be required to furnish surety bonds for the faithful performance of the work and as required by Section 4200 of the Government Code of the State of California.

This Board reserves the right to reject any and all bids and to waive any informality in any bid received, at its discretion.

All bids must specify that said work is to be completed within one hundred and eighty (180) calendar days after the execution of the contract for the same. ***

No bidder may withdraw his bid for a period of thirty (30) days after the time for the opening thereof.

No bid will be accepted from a contractor who has not been licensed in accordance with the provisions of the Contractor's License Act of the State of California.

***Should said work not be completed in that time, there shall be deducted from the final payment the sum of twenty-five dollars ($25.00) per day as liquidated damages. Time of Completion may be extended at the discretion of the Board. Time shall be the essence of the contract.

MOVIE ARTIST EXHIBITS HERE

This month's art exhibit, at a local stationery store, sponsored by the Los Gatos Art Association displays oils and water colors by John R. Alston of Malone Road, San Jose.

Alston is an established artist, member of Carmel Art Association as well as the Los Gatos Association.

He has exhibited interstate and statewide, and at many Pacific Coast shows. He is a self-taught artist having had his first experiences as a scene designer for the Mack Sennet Studios and Monogram Pictures in Hollywood.

Included in the current show in Campbell are many favorite California scenes. Titles are: "Big Tijunga", "Seventeen Mile Drive", "Seascape", "Autumn Trails", "Rocky Coast", "December Seas", "Carmel Coast", "The Old Cypress", and "Point Lobos".

Girl Scouts Attend Camporee

Girl Scout troop 17, of Moreland school recently attended the Santa Clara Intermediate Girl Scout Camporee at the San Francisco Y. M. C. A. camp above La Honda.

Those enjoying the three day outing were: Janice Muzzey, Nancy Bitzer, Martha Easterbrook, Kumiko Nishimura, Joyce Sciortino, Sheila White, Binnie Lou Barrett, Judy Manfre, Harriet Yoshida, Diane Dearborne, Audrey Allinger, Kathleen Harp and Carol White.

The girls were accompanied by their group leader, Mrs. Marion Dearborn and Mrs. Kenneth Bitzer.

The United States Marine Corps was established July 11, 1798.

ADULT CLASSES DISPLAY WORK

Adult evening classes of Campbell Union High School are presently displaying a few of the many subjects presented by the school in the show case of Campbell Cleaners.

In addition to the many crafts such as woodwork, upholstery, leathercraft, sewing, rugmaking and knitting, the more academic courses are represented.

Dean Chamberlin and his class in Americanization have been studying the requirements of naturalization and many of the 21 enrolled are ready for their court examination.

Fifty-eight adults have taken typing during the year and many have greatly increased their ability along this line. George Kemp who teaches typing also teaches bookkeeping which has had an enrollment of 32 persons during the season.

Many other classes are represented in the display made possible by the courtesy of Lowell Benson.

QUITO SCOUTS PLAN FIESTA

No admission will be charged and everyone is welcome to the Quito Cub Scout of Pack 35 Fiesta Saturday June6 at Quito School, spokesman said this week.

All kinds of booth games, dart throwing, shuffle board, nail pounding, penny pitching, fish pond, soft drinks, popcorn, hot dogs and ice cream are some of the attractions offered from 2 p. m. to 12 p. m.

At four o'clock in the afternoon, there will be a "Fiesta On Wheels". All children are invited to decorate doll buggies, wagons, bikes with flowers, crepe paper or whatever they wish. There will be prizes given for the best entry in each age group. There will be dancing from 9 p. m. to 12 p. m.

All proceeds of the affair will go to Cub Pack 35.

The first commercial bank in San Francisco was established January 9, 1849.

THE CRACKER BARREL

It seems like some things never will stop going up. The other day I was really burned up when they told me that bread took another jump. Why, goodness sakes alive, pretty soon we won't be able to eat bread. It used to be that all us poor people ate bread 'cause it was cheap and we was broke ... now we go broke buyin' bread. It just ain't right and I wouldn't blame all the housewives if they started bakin' bread for their households. I'm goin' to start eatin' French bread 'cause it didn't go up. I tell you, it really burns me up when these big bread companies raise the price on bread just because they raise a few employees' wages. I declare somebody's got to put a stop to such nonsense and the buying public is the one to do it.

Well, that's enough steam off for today, but believe me, folks you'll find some real good prices here this weekend. Friday, Saturday and Sunday.
